## Speaker Series

The Upstander Speaker Series brings leading human rights advocates and academics to the Museum to share their knowledge and research on a spectrum of issues, including modern-day genocide, ethics, prejudice and law. Through the series, we raise fundamental questions about humanity, justice and personal responsibility. We challenge our audiences to consider these issues and stand up against injustice rather than stand by.

\*Up-stand-er (n.) A person who stands up. A person who does what they think is right, even if they are alone. Opposite of a bystander. Not a person who stands by.
